

Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Wednesday 19 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:

North and east mainly cloudy, patchy rain. Sunnier in southwest.

Today:

North and east Highland, Lewis and Harris mainly cloudy with patchy light rain, brightening in places later. Skye and Lochaber brighter with sunny spells. Winds will be light. Maximum temperature 12 deg C (54 deg F).

Tonight:

East Highland will stay mostly cloudy with some sporadic outbreaks of rain. The west and the Isles will stay dry with some clear spells. Minimum temperature 4 deg C (39 deg F).

Thursday:

Some bright or sunny spells in the northwest for a time but mostly cloudy, with some outbreaks of rain spreading from the south. Freshening easterly winds. Maximum temperature 11 deg C (52 deg F).

Outlook for Friday to Sunday:

Cloudy with outbreaks of rain on Friday, rain mostly in the east. Then much brighter at the weekend with a mixture of sunshine and scattered showers, mainly light winds.
